SECTION I:

INTRODUCTION
Welcome to WKUF-LP! WKettering University Flint-Low Power is a 100-watt noncommercial, educational radio station. Thank you for volunteering your time to make this station a success. This handbook is for you to keep and review for questions and solutions. It details the rules of our station, the duties of our staff, and the do’s and don’ts of the radio industry. By following this handbook your time at WKUF-LP is sure to be an enjoyable and productive experience.

BACKGROUND INFORMATION
WKUF-LP received its permit to build in May of 2003, thanks to the efforts of Kettering University’s DJ club, WKUS. WKUS was a student officiated club that provided Kettering University organizations with entertainment and audio support for their many events. Eventually, through the generosity of Student Government, T-Shirt sales, fundraising events, and donations from interested individuals, WKUS was able to acquire the money to begin construction. The station began broadcasting on November 19, 2004.

MISSION STATEMENT
WKUF-LP exists to provide a non-commercial service unique to the greater Flint community through educational, informative, and entertaining programming. This station will promote hands-on learning experiences for student and community volunteers as they form an outlet and source for artistic and cultural expressions.

TARGET AUDIENCE AND PROGRAMMING GOALS
WKUF-LP’s broadcast signal reaches a culturally, racially, and economically diverse audience. Our goal as a station is to provide a diverse array of programming for audience members within our broadcast range. The Flint area houses several residential communities, colleges, high schools, and businesses. Our goal is to provide them with quality programming.
SECTION II: STATION OPERATIONS

All WKUF-LP staff must be aware of and abide by all WKUF and FCC regulations. WKUF policies are established to coincide with FCC regulations and requirements. Failure to comply can lead to serious consequences, including extreme fines and termination of our broadcasting license.

PENALTIES FOR VIOLATIONS

Violations are separated into two categories: Major Violations and Minor Violations. Penalties for violations of WKUF Policy or FCC Rules and Regulations will be based on the severity of the violation. Some violations may also carry University and/or legal penalties. The General Manager will contact the Dean of Students and Campus Safety in those situations. WKUF Executive staff members may suggest possible consequences for violations, but the final decision lies with the General Manager and University Administration. Violations are described in Appendix A.

In cases of minor violations, the following procedure is followed:

• First violation - Staff member is given a written warning describing the details of the violation.
• Second violation – Staff member will be placed on probation for a period of 1-2 weeks
• Third violation - Staff member will be suspended from the station for a period of 1-4 weeks.
• Fourth violation - Staff member will be dismissed from the station for the remainder of the term.

An accumulation of four minor violations within an academic term will result in dismissal from the station.

In cases of major violations, the staff member may suffer immediate suspension from the station while an investigation is conducted. Temporary dismissal may result and may then become permanent.

GRIEVANCE PROCEDURE

If a penalty is believed to be gratuitous or unfair, the staff member should contact the General Manager by email or in writing within 10 days of the penalty assessment to discuss the violation and/or penalty.

Mandatory Staff Meetings

All staff members, students and volunteers, must attend WKUF monthly DJ/programming meetings. In addition, student members must attend weekly general meetings. Station officers must attend officer’s meetings held every week. Attendance is recorded. Unexcused absences from any meetings per term is minor violation, each additional absence is an additional violation. Penalties for missed meetings will be assessed according to the Handbook, page 5.

Station Security

Station doors must be locked at all times to insure the safety of our staff and equipment. If the outer door of the station is open, the station must be attended by a certified WKUF dj. Do not leave the station door open or unlocked if the station is unattended. The station, office and all WKUF areas are under 24 hour video surveillance and this footage can and will be used in case of any legal matters that may arise.

• No unauthorized visitors are allowed in the studio. Authorization may be obtained for an individual by having them complete a Guest Agreement Form. If any unauthorized person refuses to leave, contact Campus Safety at extension 9501.
Last revision 04/22/2014

- In case of an emergency, contact Campus Safety by dialing Campus Safety at extension 9501. **Do not call 911** – Campus Safety will do this for you and direct emergency responders to your location.
- All emergency alarms (i.e., fire, tornado, etc.), must be taken seriously. If there is no immediate danger within the studio, set the station to run automatically, lock all doors, and go to the designated safe area. Do not attempt to secure the equipment if there is immediate danger.

**PROGRAM LOGS**

The station logs all of its programming, automated and live. For live programs, a program log must also be completed and turned in to the proper bin immediately following the program. A sample log is shown below:

- The Program Log is required by the FCC and our music licensing companies and must be legible, accurate, and complete.
- FCC requires that corrections be made by drawing a single line through the incorrect entry and printing the correction directly above.
- Illegible entries are violations of station policy.
- Failure to maintain authentic log information may result in dismissal.
MUSIC LIBRARY

- Songs from the WKUF Music Library cannot be copied for personal use.
- Everything in the Music Library is to remain in the station unless the staff is using it for live event or if you are reviewing it.
- DO NOT REMOVE ANY MUSIC FROM THE STATION.
- Music can only be added to the library by the Music Director.
- DJs may be required to review CDs for incorporation into the WKUF Music Library
- Any CDs removed from the rack for use on a show MUST BE placed back into their correct, alphabetically ordered slots before signing out and leaving
  - Consistent failure to do this WILL result in the issuance of violations

LEGAL ID

- Our legal ID is: “WKUF-LP Flint 94.3 FM”
  - This is the ONLY legal ID and it is also listed on the info board above the mixing board
  - Announcing anything different than this at the top of the hour is NOT LEGAL
- WKUF is required to broadcast a Legal ID anytime the transmitter is on, as close as possible to the top of the hour during a “natural break” in programming.
- FCC allows a 5-minute window on either side of the top of the hour.
- During playlist automation these IDs are broadcast automatically, but during live programming IDs are the responsibility of the show host.
- A Legal ID should be played between songs. For example, if you are playing a 10-minute song at
  - 10:58 a.m., you are required to broadcast an ID before the song, so not to go over the 5-minute window (11:05 a.m.).
- You are required to broadcast a Legal ID as clearly and audibly as possible.
- You may add anything about your show or the station before or after a Legal ID, but you must say the ID exactly as it appears above for it to be legal. Example, “You are listening to ‘Uh? Show’ on WKUF-LP Flint 94.3 FM.”

PLUGOLA, PAYOLA and CALL TO ACTION

It is illegal to accept something of value from an outside party (records, CDs, money, etc.) in exchange for broadcasting any material or matter whatsoever.
- Payola, a serious criminal offense subject to legal penalties is described in 47 United States Code 508. Fines of up to $10,000 and/or jail terms of up to one year could be imposed.
- Plugola is the mentioning (or plugging) of a business, product, or commercial event for personal gain. Accepting cash, free merchandise, or even coupons from any business in exchange for plugging during your show creates a criminal offense. The same fines and jail terms may be imposed for committing plugola as they do for payola.
- Committing either crime will result in immediate dismissal from WKUF.

Non-commercial stations cannot issue a “call to action.” A call to action is when a DJ asks, urges, suggests, or directly says that the listener should perform some task which may result in a for-profit organization making money. This rule does not apply to non-profit organizations, like WKUF and Kettering University. Examples of prohibited calls to action would be: “Check out Barsuk Record Label’s website” or “Make sure you pick up a copy of the new Weezer CD.” Any DJ found to be taking in a call to action will be issued a violation and/or dismissed depending on the severity.
COPYRIGHTS

DJs who read portions of plays, poems, or novels on the air are considered to be putting on a performance. As with any performance of copyrighted material, permission must first be obtained or the DJ is guilty of copyright infringement. This can result in fines. Playing a recording of another station’s radio show, rebroadcasting segments taped from a TV show or movie, and playing illegal copies of recordings without the band’s permission (e.g. downloaded from the internet) is also illegal. Most copyrighted LPs, tapes and CDs may be played under the station’s three blanket licenses with BMI, ASCAP, and SESAC. Consult the Program Manager for additional information regarding these licenses. Additionally, permission is implied when a band or label gives us the record.

ON-AIR MENTIONS/FUNDRAISING

WKUF must be the recipients of any and all money received for an on-air mention on 94.3 FM. Proper paperwork must be on file with and approved by the Kettering University business office (including signed contracts, tax papers, etc.) before any on-air mentions in exchange for money occur. Shows making on-air mentions must be involved in WKUF’s official underwriting process or they will be removed.
SECTION III: GENERAL RULES & REGULATIONS

OBScenity/inDecency
Federal law prohibits the broadcasting of obscene programming and regulates the broadcasting of indecent language. Indecent speech is:

“Language or material that, in context, depicts or describes, in terms “patently offensive” as measured by contemporary community standards for the broadcast medium, sexual or excretory organs, or activities.”

WKUF strictly prohibits obscene, hateful or offensive language. It is the show host’s responsibility to pre-approve what goes on the air to ensure everything meets station guidelines. All fines to WKUF will be the responsibility of the person logged on when the infraction occurred. Please refer to Appendix B for WKUF prohibited words and phrases. Although not all-inclusive, this appendix serves as a guideline for broadcast standards. The rule of thumb is if you’re unsure about using a word, don’t! According to U.S. Criminal Code Section 1464 fines of up to $10,000 and imprisonment of up to two years could result!

Obscene speech may not be broadcasted at any time. To be considered obscene, the material must have all three of the following characteristics:

1. An average person, applying contemporary community standards, must find that the material, as a whole, appeals to lewd interest;
2. The material must depict or describe, in an obviously offensive way, conduct specifically defined by applicable law; and
3. The material, taken as a whole, must lack serious literary, artistic, political, or scientific value.

Although the First Amendment protects indecent speech to a limited extent, the courts have upheld Congress’s prohibition of the broadcast of indecent speech, especially during times of the day when it is probable that children are in the audience.

WKUF-LP also prohibits indecency. Indecent language or references are not permitted including “sex talk” and “toilet humor.”

WKUF-LP reserves the right to define obscenity, profanity, or indecency beyond those defined by the FCC.

You are responsible for approving any CDs you may bring to the station before airing them and double-checking any of the station’s library selections before using them on-air.

In addition to possible legal consequences from the FCC, disciplinary action will be taken by WKUF-LP against offending show hosts in accordance to the station’s violation policy as outlined in Appendix A.

DEFAMATION OF CHARACTER-SLANDER AND LIBEL

In broadcasting, slander has the same legal standing as libel. Slander is “communication which exposes a person to hatred, ridicule, or contempt, lowers him in the esteem of his fellows, causes him to be shunned, or injures him in his business or calling.” The rule of thumb is that whatever you say about anyone or any business must be absolutely truthful. There are some slight variations, but they will not likely protect you against a lawsuit. Both are tort law, thus can result in significant monetary damage awards.
DRUGS/ALCOHOL/ILLEGAL SUBSTANCES

No smoking, illegal drugs, or alcohol are permitted in the station or anywhere on Kettering University property at any time.

- No person or guest may go on-air under the influence of non-prescription drugs or alcohol.
- Violators will be subject to University and/or court charges as well as station sanctions.

Broadcasted conversations, discussions, comments, or broadcasting musical lyrics containing references that advocate, in the judgment of the General Manager, the use of illegal substances or other illegal activities, which are violations or criminal acts defined in the laws of the land, are prohibited on WKUF-LP. This prohibition is based in part upon a Supreme Court opinion that the government may curtail speech if it is both: (1) intended to incite or produce dangerous activity; and (2) likely to succeed in achieving that result. (Part 73 Subpart H – Rules Applicable to All Broadcast Stations). Furthermore the FCC has rendered its own relevant opinion that radio stations are required to take notice of such broadcast material: public harm will be deemed foreseeable if the licensee could expect with a significant degree of certainty that public harm would occur. A “crime” is any act of omission that makes the offender subject to criminal punishment by law. (70 RR 2d1383, 7 FCC Rcd 4106, 1992 FCC LEXIS 3225 (June 12, 1992)

The FCC makes it the responsibility of the broadcaster to operate in the public interest and control against objectionable language in various forms. Drug use is one type. Broadcasting licensees must assume responsibility for all material which is broadcast through their facilities. This includes all programs and advertising material which they present to the public.... This duty is personal to the licensee and may not be delegated. He is obligated to ring positive responsibility affirmatively to bear upon all who have a hand in providing broadcast material for transmission through facilities so as to assure the discharge of his duty to provide acceptable program schedule consonant with operating in the public interest in his community. (21 RR 2d 1576, 28 FCC 2d 409, 1971 FCC LEXIS 2095 (March 5, 1971)

WKUF-LP, as part of an educational institution, will not tolerate any comments or discussion or topics encouraging the use of illegal substances or illegal actions.

DISCRIMINATION/HARASSMENT

WKUF-LP cannot be a successful campus/community station if staff members promote discrimination and/or harassment. Therefore the station management takes any discriminatory behavior seriously.

- Charges of harassment or discrimination will be presented to the General Manager in accordance with the established procedures of the relevant Kettering University policy. See Appendix E.
- The station encourages equal opportunities for all.
- Discriminatory behavior is prohibited.

WKUF-LP will strictly enforce the Kettering University policy on sexual harassment.

- No sexually derogatory posters or stickers may be posted in the station, nor may sexually derogatory images be placed on computers in the station.
- Any instance of harassment will result in an investigation and immediate dismissal if the charges of harassment are found to be true.
INVASION OF PRIVACY
Broadcasts can create a legal invasion of privacy if you do not have the permission of the caller to do so.

- Do not call anyone on air or air any phone calls without their prior approval.
- Do not give out unlisted numbers, full names or other personal information or broadcast private information about a person.
- Do not tell specific stories about a person other than yourself.

Tort law can result in huge damage awards.

FALSE INFORMATION
It is illegal to transmit “false or deceptive communications” by radio. Creating hoaxes by communicating information that is not true is a criminal offense.

PHONE CALL POLICY
Our request number is 810-762-9725. This is the only station number that should be given out over the air. Be courteous when answering the phone and responding to requests. You are not required to play requests that fall outside the boundaries of WKUF-LP format or your show, but do not belittle any requests or callers. If a caller is abusive or is harassing you, simply hang up the phone.

- Airing phone calls presents the risk that a caller may be profane, indecent, or make libelous remarks on-air. You will be held responsible for any violation of WKUF or FCC policies in addition to violating the station’s phone use policy.
- Do not air any phone calls live if delay equipment is down, not functioning correctly, or if you have not been trained on how to use it.
- Do not make personal calls from the station phone. The phones are for station business only.
- Do not give out staff phone numbers. If it is an emergency, take down the caller’s number and info and relay it to the staff member.

INSTANT MESSAGE
The computer in the WKUF station has access to Instant Messenger. The only screen name to be used is DJWKUF.

- When referring to Instant Messenger, do not to use the company name (AOL). Simply say that WKUF DJs may be contacted at DJWKUF through any instant messaging client.
- All station guidelines regarding indecency and obscene language must be followed when instant messaging on WKUF equipment.

SMOKING, FOOD, AND DRINK

- Smoking is prohibited in the radio station, as it is in any Kettering indoor facility and within 20 feet of any outer door.
- Food is prohibited in the WKUF studio. All food-related items and trash must remain outside of the WKUF studio.
- Drinks are prohibited in the WKUF studio. Covered drinks may be kept in the WKUF office area.

All of these things can seriously damage WKUF broadcast equipment. Violators will face serious consequences, which could include billing for replacement of damaged equipment.
STATION EQUIPMENT USE

**Personal use of WKUF equipment** including all audio equipment, music media, computers, and other equipment is strictly prohibited. Violations of this equipment-use policy will result in dismissal from the station with no opportunity for appeal.

Under no circumstances is any WKUF staff member or DJ to remove station equipment for personal use. This includes taking Promo CDs. Removal of equipment will result in disciplinary action. If you want to use WKUF equipment at your event, you must complete an online-event request form.

**THEFT**

Theft of any station property is a criminal act. Anyone caught stealing will be prosecuted to the fullest extent of the law.

**COMPUTER USE**

Computer use is restricted to using programs provided by the station staff. Under no circumstances are DJs to install or remove any software without the consent of the Chief Engineer. Similarly, the station computer cannot be used to house show music (other than instrumental background music). Songs may be played on the station computer, but must be stored elsewhere.

**CARE OF THE STATION**

You are sharing the WKUF-LP physical space with numerous people.

- Throw away any unused or scrap papers.
- File all CDs in their proper place.
- If you accidentally break any equipment, report it to the Chief Engineer immediately so it can be repaired. Likewise, report any equipment that was broken before you arrived at the station. Investigations into unreported broken equipment may lead to disciplinary action.

**MISSED OR LATE SHOWS**

You must give at least two day’s advance notice to the Program Director for any show absence.

- If you miss one show without prearrangement in one term, your show may be replaced.
- **Be on time.** It is a minor violation for being more than 10 minutes late.  
- You are responsible for finding a replacement for your show when you are absent. Replacements must be pre-approved by the Program Director. *Remember, this is “show business” and “the show must go on.”*
SECTION IV: BROADCASTING
PART I: WHAT WE BROADCAST
PROGRAM ACCEPTANCE
A written proposal for a new program/show by host must be submitted for the consideration of a new program. In addition, a recorded demo tape or pilot program is required for evaluation. The prerecorded demo or pilot program can be in the physical form of a recorded tape or CD. It can also be in a digital form such as the file format of .wav or .mp3. In addition a sample program log sheet must be filled out for the prerecorded show. This is to ensure that we know that the possible show host has an understanding of filling out all the required log sheets correctly. If the possible host/producer has no prerecorded demo or program pilot, he can work with one of the current WKUF DJ’s or personnel to either make his own prerecorded demo or pilot program.

Criteria for acceptance includes (but is not limited to), time availability, compatibility with other WKUF programming, contribution to the fulfillment of the mission of WKUF-LP, and the technical competency, program material knowledge, and past on-air performance of the producer/host.

Specialty programs and their hosts will be evaluated on a continuing basis by station management. Criteria for continuation of a program and/or its hosts includes (but is not limited to), time availability, continued compatibility with other WKUF programming, technical performance, on-air performance, adherence to station and University policies, fulfillment of program submission commitments, continuing contribution toward fulfillment of the mission of WKUF-LP, and participation in other station activities. Specialty program outlines and specific program elements may be required to be added, deleted, or modified at the discretion of station management.

PROGRAM STRUCTURE
WKUF-LP keeps a Program Log of every “program element” that we broadcast. This includes legal IDs, public service announcements (P.S.A.s), station promotions, underwriting announcements, newscasts, community and University announcements, songs, etc. This log is important for several reasons:

- The Program Log is a guide to the DJ as to what should be airing at a given time. The log indicates roughly how often the DJ should break into the programming to announce the songs that are played.
- WKUF-LP suggests that every song should be announced in advance or announced after it has been played.
- Breaks should occur at least every 10-15 minutes or after about three songs in a row.
- The Program Log also provides a record of our public service programming and is used to compile our quarterly “Program and Issue Reports” for the FCC. Your recording of information must therefore be accurate and complete. It is especially important that P.S.A.s be recorded on the log by TITLE. Only in this way can our reporting be accurate. Failure to record information accurately can result in fines from the FCC.

The Program Log serves as a legal record of what we have broadcast at what time. Should there be any complaints about our broadcasts, we must be able to identify the time and day that various program elements were played.

- The Program Log entries for underwriting client spots must be accurate and complete so that the station can confirm that underwriting agreements have been fulfilled.
- Log violations will be treated in the same manner as other violations.
PROGRAMMING

Programs at WKUF are planned to provide educational, informative and entertaining programming to the greater Flint community. We represent Kettering University and WKUF to the general public and want our radio station to reflect the quality of this institution.

P.S.A.

Public Service Announcements promote ideas or causes only. They can only be accepted from not-for-profit organizations. They may sometimes be produced by station staff or by outside organizations or may be placed into the studio as “live-read” scripts.

• **WKUF-LP only airs P.S.A’s from genuine non-profit organizations** that meet the FCC definitions.
• **Do not make fun of P.S.A’s or make any disparaging comments about them before or after you run them.**
• **P.S.A’s are a mandatory part of WKUF’s FCC public service obligations.**

WEATHER

Announcers should “ad lib” the weather based on information from the Internet. **Do not use the Weather Channel or other commercial sources for weather information**. These weather sources are copyrighted and cannot be broadcast by stations unless they pay for the service. Use the U.S. Government’s weather website at: [http://www.weather.gov](http://www.weather.gov) **All National Weather Service information is usable on the air.** This information can be gotten from NWS web sites.

• Weather reports should include at least the 3-day forecast and the current conditions (at least temperature and sky conditions).
• Use common sense – if it is raining outside, do not tell the listeners that it’s going to be sunny!

COMMUNITY, UNIVERSITY, AND CONCERT CALENDARS

University and community calendar announcements are announcer-read for campus activities and local events.

• Some are written in “radio style” (they have time indications on them - 20 seconds, 30 seconds, etc.) while others need to be “ad-libbed” from the printed announcements.
• **Do not read long printed announcements.** Instead, state the important information (time, place, and general nature of event) and announce a contact phone number (if one is given) or give the studio phone number so that interested listeners can call in for full details.
• **Pay attention to kill dates on the announcements. DO NOT READ OUTDATED ANNOUNCEMENTS!** If outdated, put announcements in the News and Sports Director’s mail box.
• **Never give prices on the air!** Even if the event is for a worthy cause, **we are prohibited by FCC regulations from giving prices on the air.** The only exception is when 100% of the event proceeds benefit Kettering University or WKUF-LP (Benefit Concerts, etc.).

University announcements are ad-libbed from Blackboard, Kettering.edu homepage, or have been submitted to Student Affairs.

Event announcements may not contain any commercial language, call to action language, persuasion comments or pricing information. Information must be limited to venue information - time, date, and artist(s) appearing.
PRE-RECORDED ANNOUNCEMENTS
Pre-recorded announcements of any type not overseen or approved by the News and Sports Director may not be aired. All pre-recorded announcements are located under the news folder on the Station PC.

STATION PROMOS
These are short spots for the station in general or for individual shows. They should be creative and brief. Promos aired must be logged on the Program Log. Actual times and promo titles always are required to be recorded in the log.

SWEEPERS
These are short productions that remind the listeners what station they are listening to. They should be creative and brief. Sweepers should be placed in between songs or before/after announcements and are always pre-approved by the Program and Production Directors.

CONTESTS AND CONTEST PROMOS
Contests are subject to strict FCC regulation. No WKUF staff member may conduct a contest or giveaway unless approval has been received from the Public Relations Director. Contest rules must be consistent with the station’s basic rules.

- Contest rules must always be aired prior to any giveaway announcement and at least once during the shift in which a giveaway is scheduled.
- Contest winner information must be recorded on a Contest Information Form used by the station and available from the Public Relations Director.
- Conducting unauthorized contests will result in suspension, investigation, and possible cancellation of the show if the host is found guilty of the violation.
PART II: DO’S AND DON’TS OF DJ BROADCASTING

ANNOUNCING STYLE
WKUF-LP recognizes that DJs have their own unique style on the air. We encourage originality but still require professionalism within our staff.

- Speak about 5” inches from the microphone when you are on the air.
- Do not move around when you speak or turn away from the microphone.
- Speak clearly and use correct grammar when you are speaking.
- If there is another person in the studio scheduled to participate in the show, make sure they are close to a microphone.
- Never have other people yell or shout into microphone from a distance, as it sounds unprofessional.
- Watch your levels. Adjust the microphone “fader” so that the meter peaks around the 0 decibel mark (beginning of red area). The average should be 80-100% on the meter.
- Be informative about the music that you play, but try not to be trivial. Give information about the local artists and groups that are performing in the area.
- Don’t forget to ID the station. Other than the basic requirements, feel free to mention the station name, frequency, and slogans.

ON-AIR BEHAVIOR
All DJs should behave in a mature, professional manner when they are on the air.

- Do not burp, break wind, or make other immature sounds on the air.
- Do not complain about WKUF-LP or any staff member of WKUF-LP on the air.
- Do not complain about equipment problems on the air, but make reference to them in a professional manner, if necessary. Report all problems to the Station Manager or the Chief Engineer.
- Do not complain about the station’s music selection on the air. You are welcome to give any personal opinions of individual songs or artists.
- Do not make fun of any announcements.
- Do not make remarks that demean any individual or group.
- Do not complain about or make fun of other radio stations.

PROGRAM FORMAT
All DJs must follow their submitted, pre-determined program format for their show. Exceptions may be made for “fill-in” shows but require prior Program Director permission. Programs must be submitted to and approved by the Program Director BEFORE the program goes on air.

VISITORS
- The staff on duty is responsible for all guests and visitors during their shift.
- All guests/visitors must log in and out upon their arrival and when they leave.
- Visitors/guests are not allowed to operate any equipment.
- If you have a “Co-host,” make sure they are approved by the Program Director.
- Visitors in the studio must sign a Guest Agreement Form and sign in with Campus Safety upon arrival at Kettering.
INFRINGING ON OTHER SHOWS

Infringing or disturbing a fellow staff member’s show without a reasonable cause is in violation of WKUF policy. Whenever hosts are operating their shows, they have authority over how all operations will be carried out, unless they are violating any FCC or Station rules.
